## 1. Project Summary

1	Name of the Enterprise (as per the Illustrative List of Enterprises)	Commercial Dairy Farming (8 Cows)
2	Sector (as per the Illustrative List of Enterprises)	AH&VS
3	Project Capacity <sup>1</sup>	48 lit. Milk per day
4	Key components of the project	Dairy farming and milk selling
5	Project Address (Village/Ward, Gram Pranchayat/Municipality, Block, District)	
6	Products/Output from the project	Milk
7	Total Project Cost	Rs. 13,07,900
8	Fixed Capital Cost	Rs. 12,93,000
9	Working/Recurring capital	Rs. 14,900
10	Bank Finance/ Self Finance	Self-Finance
11	Bank Loan Amount	Rs. 0
12	Promoter Contribution (min 10% in case of bank loan)	Rs. 13,07,900
13	Assumed Rate of Interest	Not Applicable (NA)
14	Subsidy Eligibility (40%, 50%)	
15	Repayment Terms (Tenure, Moratorium, Frequency, Mode of Repayment: equal principal/equal instalment)	NA
16	Key Financial Indicators:	
	1. Average Annual Net Profit	Rs. 4,84,800
	2. Debt Service Coverage Ratio (DSCR)	NA
	3. Internal Rate of Return	23.39%
	4. Break Even Point (BEP)/Year	3 Year 6 Month
17	Estimated employment to be generated (nos.)	2

**Note: The price quoted in the DPR is indicative. Final CIS will be calculated as per the Rate in MKUY guideline.**

<sup>1</sup> Capacity can be in terms of area or quantity

## 2. Project Profile

### 2.1 Entrepreneur/Entity Profile

1	Name of the Entrepreneur/Entity	
2	Legal status (Individual/ Group/ FPO/ FPC/ Proprietorship/ Partnership firm/ Company/ Cooperative/ Federation/ Society/ Trust)	
3	Name of Representative <sup>2</sup> in Ease of entity	
4	Gender (Male/ Female/ Third Gender/ Not Applicable)	
5	Date of Birth of Individual/Representative of Entity	
6	Date of Incorporation/Registration of Entity	
7	Category opted for (Women/ ST/ SC/ Differently Abled/ Third gender/ Agri & Allied Graduate)	
8	Educational Qualification of Individual/Representative of Entity	
9	Passport size photograph of the Individual/ Representative of entity	
10	Local Address for Correspondence of the Individual/ Representative of entity	
11	Registered Address of Entity	
12	Main Office/Branch Address of Entity	
13	Phone no. of Individual/Representative of Entity	
14	Email Id of Individual/Representative of Entity	
15	AADHAR No. of Individual/Representative	
16	PAN of Individual/Representative of Entity, if available	
17	Farmer Id of Individual, if available	
18	Details of other Partner/Director/ President/Secretary	
19	Registration No./ CIN of the Entity <sup>3</sup>	
20	PAN/TAN of Entity	
21	GSTIN of Entity, if available	
22	Details of experience and exposure relevant to the proposed enterprise/project (family business, work experience, e- learning/certificate courses, trainings undertaken etc.)	

<sup>2</sup> Representative should be authorized by the board/governing body of the entity.

<sup>3</sup> Registration document:

Groups (SHG/PG/ FPO: Proprietorship firm: Registration Certificate under Shops & Establishment Act, Partnership firm: Registration Certificate from IGR of state, Company (Pvt. Ltd., Public Ltd., LLP, OPC, FPC): Certification of Incorporation, Cooperative/ Federation: Certificate of Registration from Registrar of Cooperative Societies, Society/Trust: Darpan Unique Id

## 2.3. Concept and Scope of the Project

Dairy farming from being a traditional family run business, today has grown hugely to an organized dairy industry with technological specializations in every part of the process. There has been tremendous growth in dairy farming sector in terms of technological advancement that help the modern dairy farms to manage thousands of dairy cows and buffaloes.

The scope of dairy farming in Odisha is considerable due to the state's agrarian economy, growing population, and increasing demand for dairy products. Dairy farming has the potential to significantly contribute to rural livelihoods, nutritional security, and overall economic development in Odisha. Dairy farming involves the rearing of dairy animals, primarily cows and buffaloes, to produce milk and its by-products. India has a diverse and vibrant dairy sector that plays a crucial role in providing livelihoods to millions of rural households and contributing to the country's economy.

### **Scope of Dairy farming in Odisha**

#### **1. Rural Livelihood Generation**

Dairy farming can play a vital role in generating livelihoods for rural households in Odisha. The state has a substantial rural population, and dairy farming offers an opportunity for small and marginal farmers to diversify their income sources and improve their economic conditions.

#### **2. Nutritional Security**

Dairy products are rich sources of essential nutrients like protein, calcium, and vitamins. Promoting dairy farming in Odisha can contribute to improving the nutritional intake of its residents, especially women and children.

#### **3. Employment Opportunities**

Dairy farming can create direct and indirect employment opportunities. From animal care and milking to transportation and milk processing, there are various stages of the dairy value chain that require a workforce.

#### **4. Economic Contribution**

The dairy sector can contribute to Odisha's economy by providing a steady income source for farmers, reducing rural-urban migration, and enhancing the overall GDP of the state.

#### **5. Poverty Alleviation**

Dairy farming has the potential to uplift marginalized communities by offering them a means of income generation. It can help in reducing poverty and improving the standard of living for many families.

#### **6. Value Addition and Processing**

Besides raw milk production, dairy farming also provides opportunities for value addition through milk processing. Value-added dairy products, such as flavored milk, yogurt, and

cheese, have a higher market value. Dairy farmers can capitalize on these opportunities by processing raw milk into various products.

## 7. Women Empowerment

Women in Odisha, like in many parts of India, are actively involved in dairy-related activities. Promoting dairy farming can empower women by offering them income-generating opportunities and increasing their decision-making roles.

## 8. Sustainable Agriculture

Dairy farming can be integrated into existing farming systems, contributing to sustainable agricultural practices. Manure from dairy animals can be used as organic fertilizer, enhancing soil health and crop yields.

## Market Potential

Urbanization leads to changes in dietary habits, with an increased demand for processed and value-added dairy products. Urban areas provide a ready market for dairy products, including fresh milk, yogurt, cheese, and more. Dairy products are an essential source of nutrition, especially proteins and calcium. As awareness about health and nutrition increases, the demand for dairy products is likely to rise.

**Export Potential:** With proper quality control and adherence to international standards, dairy products from Odisha could have export potential, contributing to the state's economic growth.

**Dairy Cooperatives and Organizations:** Dairy cooperatives and organizations play a crucial role in organizing farmers, ensuring fair prices, and facilitating market linkages.
